

# Our Little Town

Key - E

Words and Music by Al Hilgendorf

## VERSE 1

**E**                    **Bm7**  
In our little town    where nothing ever changes  
**A2**    **Am**  
And if anyone's a stranger, we all know  
**E**                    **Bm7**  
In our little town    where everybody knows you  
**A2**    **Am**  
And no one rises higher than they are  
**C#m7**    **A2**  
We don't    see a lot of miracles  
**C#m7**                    **Bsus**  
And we don't    suffer many fools

## CHORUS

**A2**    **E**                    **C#m7**  
But on a quiet night like this    a child was born in twilight's mist  
**A2**    **Bsus**  
And no one heard the stable's newest sound  
**A2**    **E**                    **C#m7**  
And wild-eyed shepherds drunk with joy    told us of a baby boy  
**A2**    **Am**  
And angel light and heaven coming down  
**E**    **Bm7**    **A2**    **Am**  
To our little town

VERSE 2

**E** **Bm7**  
In our little town where the meek get ever meeker

**A2** **Am**  
And the strong will find a way to keep them down

**E** **Bm7**  
In our little town there are whispers of a savior

**A2** **Am**  
Sparks of hope that don't seem to go out

**C#m7** **A2**  
We don't see a lot of miracles

**C#m7** **Bsus**  
'Cause we don't suffer many fools

(Repeat Chorus)

**C#m7** **A2**  
We don't believe in any miracles

**C#m7** **Bsus**  
'Cause we've seen way too many fools

(Repeat Chorus)
